

Adult Classes

May Adult Education (May 6 & 20 – last one)

By popular request, we will be revisiting a subject that we covered in my first months at St. John's – the book of Revelation. As it is perhaps the least understood and most misinterpreted book of the Bible, it is worth one more session, especially for those who missed it the first time, have joined St. John's in the past 9 years, or who could use some review. We will begin meeting on May 6 between services, in the Promise Room.
