

## **February Adult Education**

Adult Education in February is Embracing the Color of the Future which takes a look at diversity and the growth of multiracial ministry. We will have an overview on the topic on February 10 and offer an assessment of things we take for granted on February 17. There is no Adult Education on February 3rd as that Annual Congregational meeting will be held during the education hour. Please attend the meeting and the classes. We will be down in the Promise Room at 9:30 a.m.
