

Looking for a quiet space to pray or reflect?

Come to our new prayer room “Space for Grace”, now available at St. John’s for those who wish to have moments of prayer, contemplation, and mindfulness in unity with Christ, but in a place of quiet with other people who also want to be quiet and pray.

Such a place now can be found just past the Sanctuary balcony in the Sunday School Wing. You will recognize the room as entitled: “Space for Grace – A Place for Contemplation”. There are two areas in the room. One area has space for silent journaling, contemplative coloring, or devotion time during prayer and one area has floor cushions, chairs, a small altar and baptismal water for silent prayer and mindfulness.

We hope that it will be a welcoming space for anyone who wishes a place of silent contemplation.
